

DANGER LURKING IN WOOD ALCOHOL

BLINDNESS MAY OCCUR BY INHALING

PAPER READ TODAY BEFORE
THE NATIONAL OPHTHALMIC
SOCIETY

(By Associated Press.)

CHICAGO, June 30.—Dr. James A. Campbell of St. Louis in a paper read today before the Ophthalmic society, in joint session with the American Institute of Homeopathy, warned against the use of wood alcohol. Several cases of blindness were reported due to absorption through the hands, in part Dr. Campbell said:

"Wood alcohol blindness may occur by inhaling the fumes, absorption through the hands, and one case was caused by its being splashed into the eyes. The symptoms are headache, dizziness, weakness, nausea, prostration, blindness and death. Blindness is a late symptom.

"Wood alcohol blindness is curable if treated early, but if left until nerve degeneration takes place, the blindness may be permanent and complete."

LOSES EYE WHEN SODA WATER BOTTLE BURSTS

On the evening of his graduation from the eighth grade in the Austin schools and in the height of his enjoyment of the occasion with his fellow pupils, Hervey Hoskins met with an accident that will make him permanently blind in one eye, says the Rev. Mr. Ellis.

In a booth temporarily prepared for the service of ice cream and soda water, a number of boys were refreshing themselves. As Hervey started in at the door, he was struck between the eyes by a soda water bottle which Dean Preston, a classmate, had at that moment innocently tossed toward the street. The bottle was shattered and a silver of glass penetrated the right eye ball of young Hoskins.

MAY INSTALL ELECTRIC HOIST AT SILVER CITY

Messrs. Byrne, Holland and Litchenstein, leasers on the Silver City mine in the camp of Silver City, were visitors to this city yesterday, and were congratulated by their friends on their excellent showing there. It is said that the leasers are to install an electric hoist and electric drills, having a good tonnage of ore already blocked out for extraction. The leasers are much encouraged by their recent clean-up that netted them a snug sum.—Virginia Chronicle.

Progress Bakery

I have just completed the Largest and Best New Sanitary Oven this side of San Francisco.

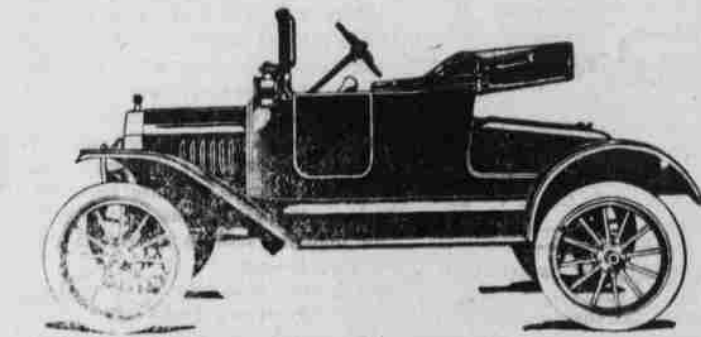

Our WHOLESOME BREAD is SUPERIOR in every respect to any bread made at Tonopah, or shipped into this city from abroad.

Our Yeast is made from PURE Fresh Malt and can stand any chemical test or analysis. I do not use compressed yeast or any deleterious substance in any form at our bakery.

Every purchaser of 50 cents worth of our WHOLESOME BREAD tickets will be entitled to 50 VOTES for the new JUVENILE AUTOMOBILE.

P. PATRICK Prop.

Water Street

Averaging about two cents a mile in daily use, Ford cars are a necessity to every business man, doctor, salesman or farmer. And they serve the family just as well. Every man is his own mechanic with a Ford. No need of the high-priced experts. And "Ford After-Service for Ford Owners" is a good thing to remember.

Buyers will share in profits if we sell at retail 300,000 new Ford cars between August 1914 and August 1915.

Runabout \$440; Touring Car \$490; Town Car \$690; Coupelet \$750; Sedan \$975, f. o. b. Detroit with all equipment.

"FATHERS OF THE CONSTITUTION OF THE U.S.A." NO. 7

Thomas Jefferson "Father of the Declaration of Independence"

THIS noble founder of the Democratic Party immortalized himself by writing our Declaration of Independence—the document which laid the foundations of Free Government, not only for our own beloved land, but for all the world. His countrymen twice elected him President and will always treasure his memory. Jefferson was the most ardent advocate of Universal Freedom of his time and it was his wisdom and foresight which brought about the Louisiana Purchase. Every drop of his Virginia blood loved liberty, and because he wanted Americans to be assured of it for all time he championed with all his might and main the signing of the Constitution of the United States. None of the fathers of the Republic were more far-seeing than he and none knew better than he that a mild brew of barley-malt and hops is truly a temperance drink. Hence, in 1816, he wrote President Madison: "A Captain Miller is about to settle in this country and establish a brewery. I wish to see this beverage become common." Jefferson lived past his 83rd year and all his life he was a moderate user of light wines and barley brews. It is unimaginable that were he alive to-day he would vote otherwise than NO to proposed tyrannous prohibition laws. For 58 years Anheuser-Busch have been brewing the kind of honest barley and hop brews which Jefferson hoped in his day to see the National beverage of Americans. Exactly such a beer is BUDWEISER. Its quality, purity, mildness and exquisite flavor have won its way to the top. To-day 7500 people are daily required to meet the public demand. Its sales exceed any other beer by millions of bottles.

Visitors to St. Louis are courteously invited to inspect our plant—covers 141 acres.
